

Highland Lakes Master Gardener Association Green Thumb Program

With the continuing drought in Central Texas, finding ways to use water more wisely is extremely important. Therefore the first four 2025 Green Thumb programs will consist of a series of presentations centered on Water Conservation. The series will be presented by Kelly Tarla, Burnet County Agri-Life extension agent.

March 20 - Natives in the Hill Country Landscape

April 17 - Xeriscapes and Other Low Water Landscapes

May 15 - Native and Low Water Turf Options

June 19 - Earthkind Principles: Mulching; Rainwater Collection; Irrigation Audits; and Raised Beds

**All four programs will be held at:
Burnet County Agri-Life Extension Office
607 N. Vandevener, Burnet, TX
2:00 to 3:00 PM**

**Free and open to the public.
Hope to see you there!**
